

The Change I'm going through
 You ever been so drunk you just
 couldn't remember? or so high to
 the fact that nothing seems important
 Well check this out

I am a 35 year old man who
 took a left turn to get my life right
 you see I was P. M. S. playin myself
 stupid & by day that I allowed others
 to do me the same way.

You see I left the door to my heart
 wide open for the wrong company to
 come in & you wouldn't believe who showed
 up first? you gessed it "Disrespect" didnt
 even knock, just walked right on in before
 I could respond "Lyz Lips" & his partner
 "Foolish" came crashin my spot.

Now I am thinkin to myself my landlord
 (God) isn't goin to like this at all to top
 it all off they were real loud you could
 hear them everywhere I went I tried
 to keep the noise down but they just
 wouldn't let up "Knock Knock" Hey
 Dennis you home? "Knock Knock" Dennis
 you in there "Sshhh" I said to my
 company See what you done that's
 my landlord & he sounds upset
 "Disrespect" responded by sayin to turn
 up the music & leave him out here &

hell go away "Lyi Lips" said we can think of somethi "Foolish" told me to trust them so I d.i.d.

My landlord (god) stoped knocki thinki I was out of the red (truble) we started partyi again "Disrespect" brought (Drugs) (Women) & (Alcohol) man it was a blast or so I thought (Cigarettes) stoped over & stayed for almost 20 years now I wasn't payi close attention to my heart this so called party go out of hand others started complaining they complained about the (Drugs) the noise & the (Women) to my landlord (god) but follow this "Foolish" "Lyi Lips" & "Disrespect" told me to just ignore them they were just jealous cause they wernt invited by now you should be wonderi who they were the ones who had been complaining.

Just Sit Back it gets Better

Now my landlord (god) is back "Knock Knock" Dennis Please open the door we need to talk he had the ones who were complaining with him & they were poundi on the door to my heart as if they wanted to tear it down everyone at the party didnt seem to hear them out there but I heard them loud & Clear

As I got closer & closer to the door the noise got lower & lower at the party now I'm reaching for the door handle as I opened the door everyone at the party seemed to disappear but at the same time a bright light came in & filled my heart with the ones who were complaining lets see first came (God) he brought all kinds of new friends for me to meet he brought "Love & Peace" "Joy" showed up driving a new Dodge with a bed full of happiness "Wisdom" filled my kitchen with food for my soul & "Prayer" moved in to keep us all close now we party so hard I can hardly hear myself think & the best thing is I can party like this forever & noone will complain & anyone who wants to meet or already knows my new friends is always welcome to party with us

Amen
